**Attachments:** TAR 2018 - Blades Groundwater Site.docx; Blades Groundwater SOW.DOCX; Blades Groundwater START5 IGCE Techlaw BY3 2017.xls

Karen,

Attached is the TAR, IGCE, and SOW for the Blades Groundwater Site, located in Blades, Delaware. The request is for Nonresponsive based on revised scope for a Site Inspection to be done by Techlaw. There should be adequate funding in the Techlaw pre-remedial contract to cover this project.

The site is newly discovered and Anita Wright has just requested an SSID. She may have discussed this with you earlier today. We will forward the SSID to you when one is assigned.

Should you have any questions, please contact Connor O'Loughlin, the WAM for the site, or me.

Thanks!

Lorie

**Subject:** Blades Groundwater Plume - Site Inspection Contract Documents

Lorie,

I have attached the contracting documents and IGCE to conduct the Site Inspection for Blades, DE. I updated the information to include my planning conversation with Nate Doyle and Kathy Davies this morning, but also our discussion this afternoon as well. If you have any questions let me know.

Thank you.
